

CONSTRUCTION NOTICE

Capital Line South LRT Utility Relocation Project
127 Street SW and Ellerslie Road SW

January 2025

PROJECT OVERVIEW

As part of the City of Edmonton's Capital Line South LRT Extension Project, EPCOR is responsible for relocating all the power, water and drainage utilities to avoid potential conflicts with future LRT infrastructure. This line is an extension of the current Capital Line, which will operate from Century Park to Ellerslie Road.

To meet the overall LRT project schedule, the City of Edmonton has requested that EPCOR perform the utility relocations within specific areas along the alignment before LRT construction. EPCOR Capital Line LRT projects began in March 2023 and will continue until 2025.

WHAT'S HAPPENING?

Starting in early February, for approximately six weeks, EPCOR will be working along 127 St SW between Ellerslie Rd SW and Anthony Henday Dr NW 105 Street NW to relocate electricity infrastructure.

EPCOR will be removing a section of above-ground power lines on the west side of 127 St SW and installing underground power lines on the east side of 127 St SW.

A hydrovac truck and horizontal directional drill will be used to install the new underground power cables. EPCOR will dig small excavations throughout the power line route, to install cable and verify locations of existing utilities.

SCHEDULE

Construction will begin in early February and is expected to be complete within six weeks, weather permitting. The typical hours of construction will be 7:00 a.m. – 9:00 p.m., Monday to Saturday.

PROJECT DETAILS

Residents and businesses can expect to see activity that is typical to construction, including company/contractor vehicles and equipment.

Power Outages

Power outages may be necessary at times to ensure work can be completed safely. Customers can learn more about power outages at epcor.com/poweroutages.

Noise

This project may be noisy at times. We will comply with the City of Edmonton's Community Standards Bylaw for Noise Control. If it is necessary to temporarily exceed acceptable noise levels, we will work with the City of Edmonton to obtain the necessary permits.

Restoration

Landscaping and pavement will be restored after construction is complete and weather permits.

PROJECT AREA

SAFETY

The construction area will be fenced and/or marked as a restricted area. We will take every precaution to ensure public safety. We also need your assistance in keeping a safe distance from the construction sites and equipment.
