Application Details

The City has received a rezoning application from the City of Edmonton Real Estate Branch on behalf of the Housing Action Team. The current zone is the Future Urban Development Zone (FD) and the proposed zones are the Neighbourhood Parks and Services Zone (PSN) and the Medium Scale Residential Zone (RM h23).

The PSN Zone would allow:

• parks and playgrounds

The RM h23 Zone would allow:

- multi-unit housing
- a maximum height of 23 metres (approximately six storeys)
- a minimum density of 75 dwellings per hectare

A Municipal Reserve Removal Resolution is being advanced with this application.

Site History

In 2015, City Council designated 14 surplus school sites for affordable housing. The development of these sites is guided by policy C583A, which prioritizes access to affordable housing, increased housing choice, and the integration of housing, services and amenities.

Two surplus school sites have already been prepared for development and sold at below-market value to affordable housing providers. The remaining 12 surplus school sites

City of Edmonton 6th Floor, Edmonton Tower 10111 – 104 Avenue NW Edmonton AB T5J 0J4

will be developed over the next three years. This includes seeking Council's approval of rezoning and municipal reserve removal, where required, and a below-market land sale to an affordable housing provider.

In spring 2024, the Housing Action Team is pursuing rezoning approval for seven sites, including Summerlea. For more information about the City's efforts to create more affordable housing, please visit <u>edmonton.ca/HousingDevelopments</u> or email the Housing Action Team at <u>affordablehousing@edmonton.ca</u>.

Public Engagement

Learn more about the application and provide feedback online.

Dates: July 29, 2024 to August 11, 2024

Website: engaged.edmonton.ca/summerleasurplus

Please provide your comments by: August 11, 2024

The online engagement will provide an opportunity to view the proposed rezoning and provide your comments and feedback, which will be summarized and given to City Council for their consideration prior to making a decision on the proposal.

Subdivision

The City is also reviewing an associated Subdivision application to create one multi-unit housing lot. Please see the attached Subdivision map. The City will issue a decision on the proposed subdivision based on compliance with the applicable lot dimensions in Edmonton's Zoning Bylaw 20001 and technical requirements, such as the site's infrastructure capacity.

Section 653 of the Municipal Government Act requires the City to notify adjacent landowners when a subdivision application has been received. Responses will be received until August 11, 2024. Please note that the Subdivision Authority is not bound by any comments received when rendering its decision. Urban Planning and Economy Development Services City of Edmonton 6th Floor, Edmonton Tower 10111 – 104 Avenue NW Edmonton AB T5J 0J4

Next Steps

We are in the early stages of reviewing this application and are requesting your opinion. In addition to your opinion, we are requesting comments and a technical review from other City departments and utility agencies. The information we receive will be used to evaluate the application and make a recommendation to City Council. Once the review is complete, this application will be scheduled for a Public Hearing for City Council consideration.

City Council is the decision maker on all rezoning applications. Another letter will be sent when a Public Hearing date has been set.

Building design and construction happens at a later stage if the application is approved by City Council.
