

# Celebrate World Rivers Day *WITH US*

## Things To Do

- **[John Janzen Nature Centre](#)**: Learn more about the river valley plants and animals!
- **[John Walter Museum](#)**: Drop by between 1-4 pm and learn more about the history of the river crossing between the South and North banks of the river.
- Grab [a map](#) and take a stroll along the river valley trail network

## What is World Rivers Day?

**On September 22, 2024, we celebrate World Rivers Day!**

This is an important day that honours the connection we have to our local river systems. Edmonton's history and culture have been shaped by the North Saskatchewan River, especially as a vital gathering place in the Beaver Hills for various peoples.

To celebrate, get involved in one of the following ways, or show off your #WorldRiversDay pride and tag @cityofedmonton on Facebook, X and/or Instagram!

## World River Day Learn to Canoe

- Register on [movelearnplay.ca](https://movelearnplay.ca) for one of the remaining spots and learn how to canoe with confidence in a self contained pond before future river adventures.
