

City of Edmonton

Public Engagement Promise

This is our city.

We value your input on how we maintain, grow and build Edmonton.

We believe engagement leads to better decision making.

We are committed to reaching out to our diverse communities in thoughtful and meaningful ways.

We want to understand your perspectives and build trusting relationships with you.

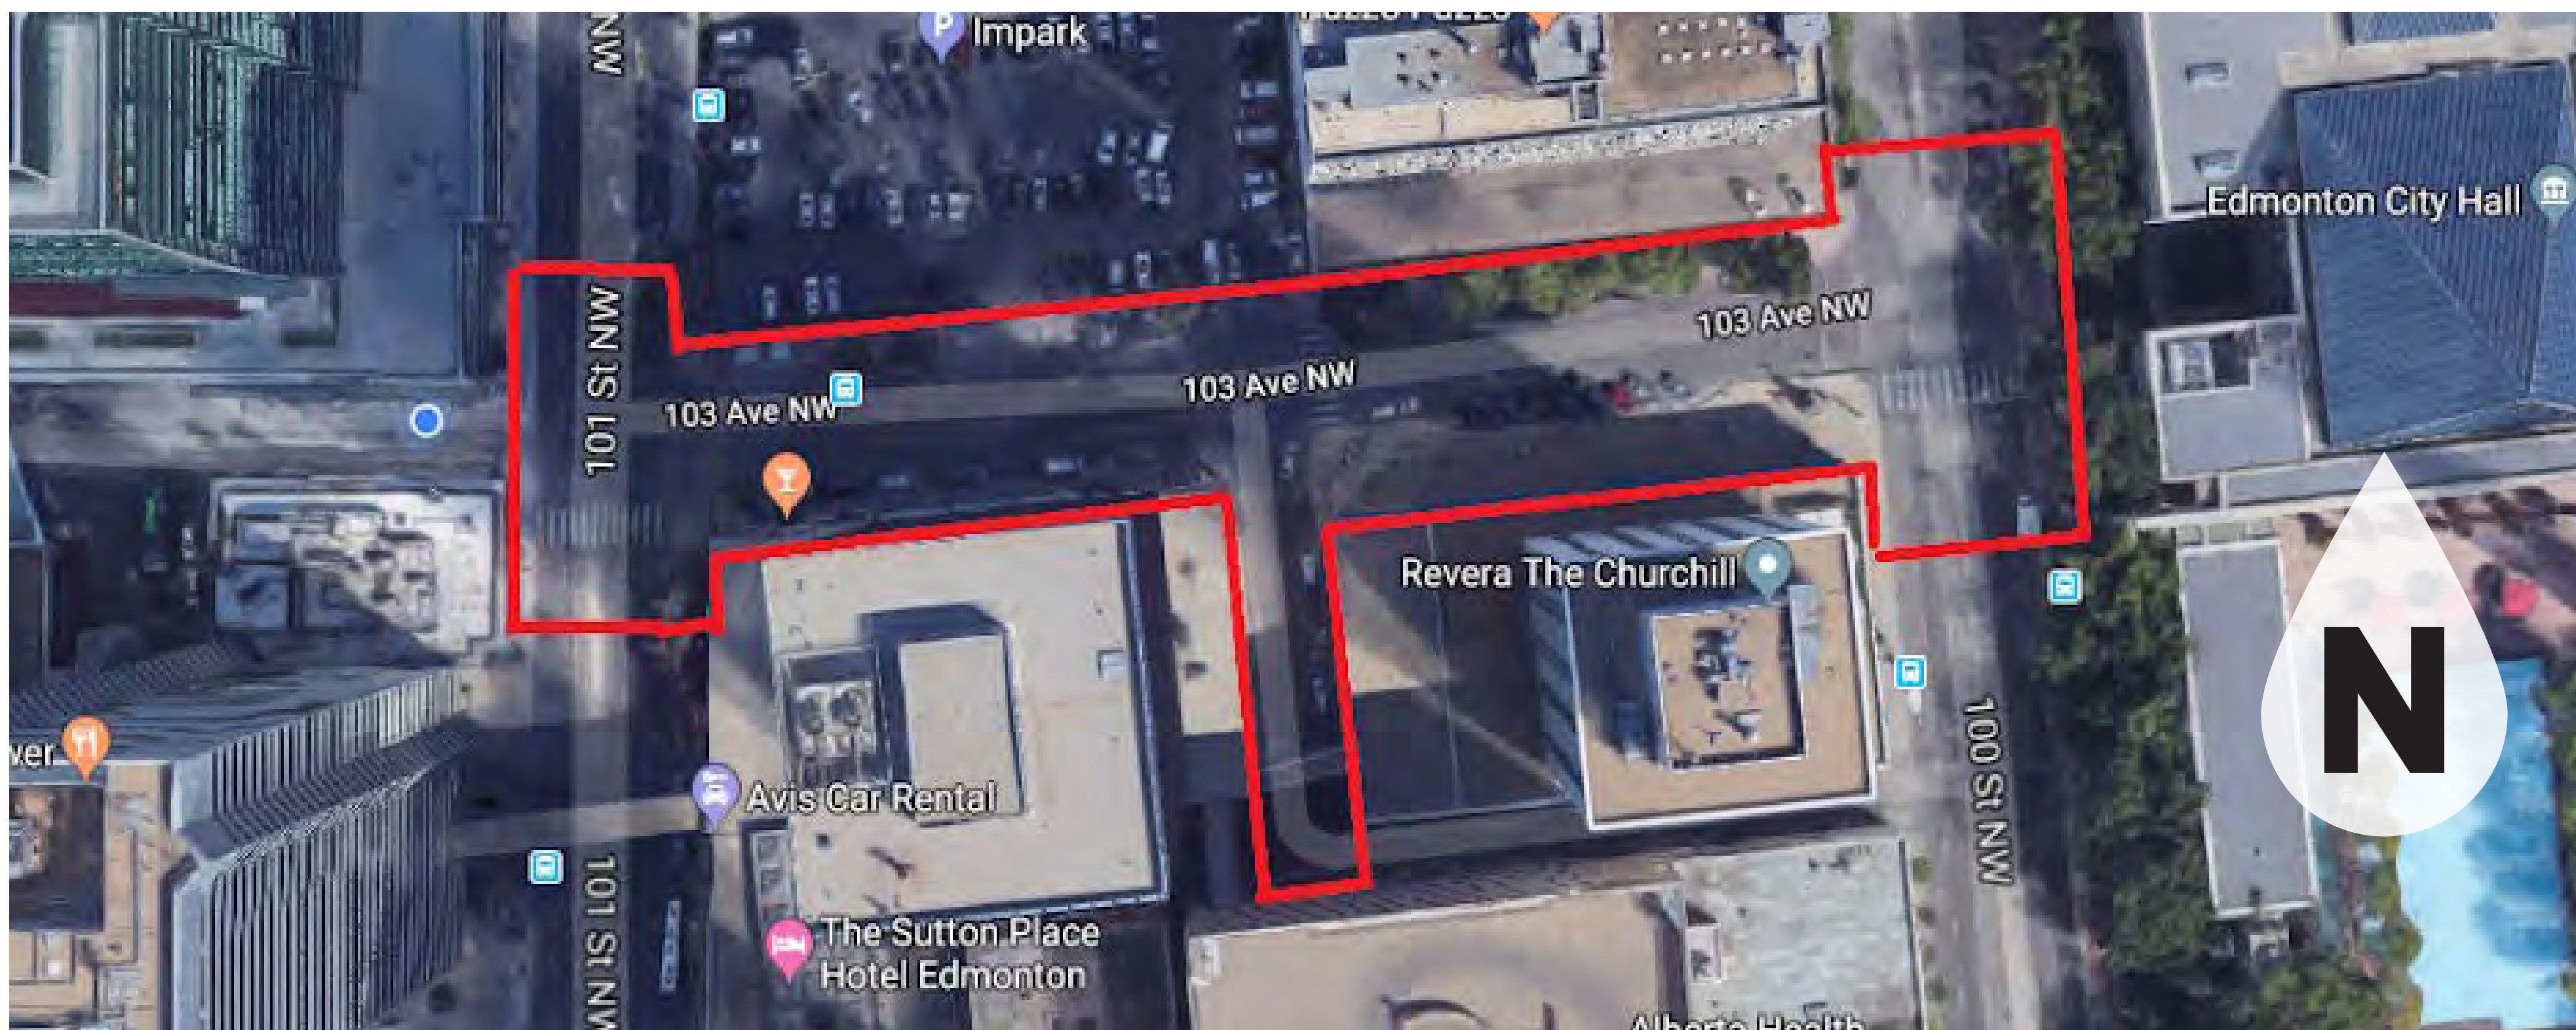

We will show you how you help influence City decisions.

Share your voice with us and shape our city.

Welcome to 103 Avenue Streetscape Project

The **103 Avenue Streetscape Project** focuses on enhancing the area between 100 Street and 101 Street.

We want to hear from **YOU!** Tell us about the **POSSIBILITIES** and **POTENTIAL** that you envision for 103 Avenue.

Project Background

103 Avenue Streetscape is a **Walkable** project. This will make the area more attractive to live and invest in, bringing more diversity, vibrancy, and energy to downtown Edmonton. This is a component of the **Capital City Downtown Plan** that calls for improvements to downtown roadways and streetscapes that support safe and comfortable pedestrian movement, sidewalk vibrancy, quality urban design, and more trees and greenery. Below is an example from Halifax showing the transformation of the street.

What are the Possibilities?

A Shared Street is a definite possibility.

This means that pedestrians will enjoy a vibrant, welcoming experience and **vehicles will continue to have access** to the parkades, residences and businesses.

What are the design possibilities for **sharing space** between vehicle traffic, pedestrians and service vehicles using the street to connect, shop and enjoy amenities?

What features would you like to see in a Shared Street?

Design Elements

Here's a list of design ideas from stakeholders in the area. We'd like to gather your ideas as well.

Place a sticker next to the ideas you envision on 103 Avenue.

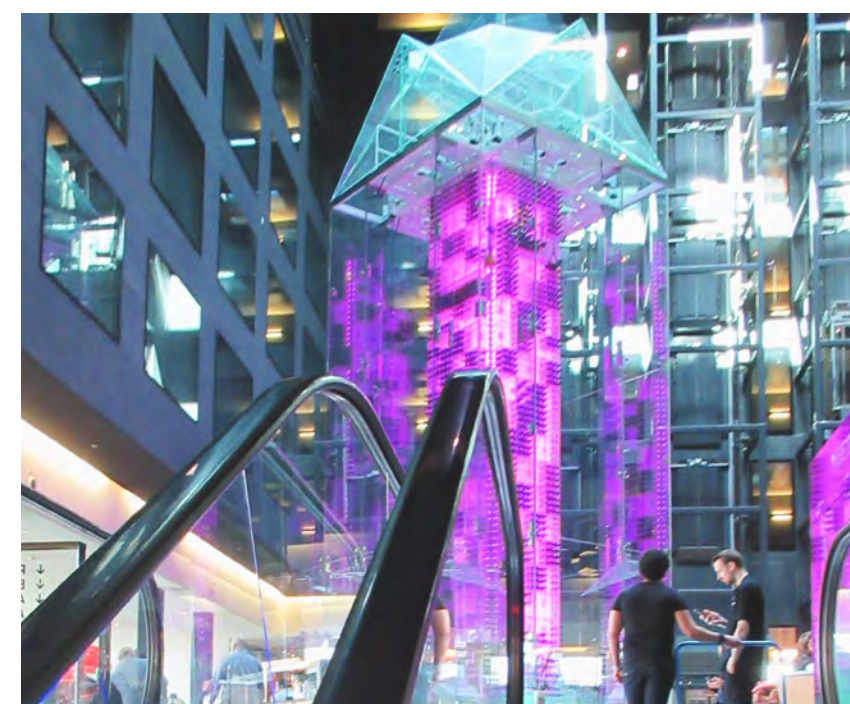

Coniferous and deciduous trees

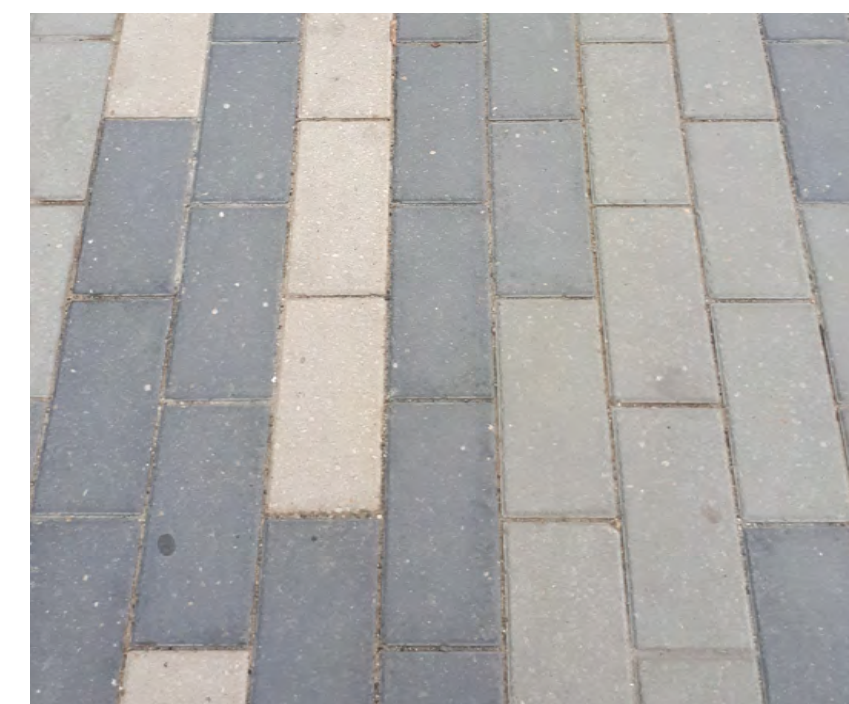

Programmable spaces

Ice sculptures

Light features

Paving stones

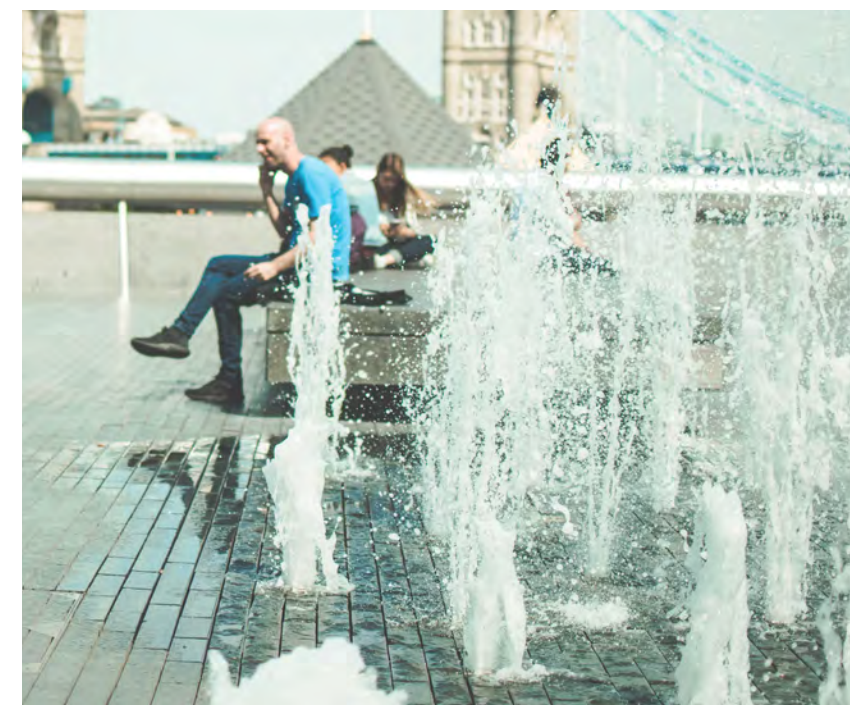

Grassy areas

Patios for restaurants

Art structures that reflect light or stops wind

Water features

No delineation between curb a road (plaza'like)

Seating areas

Fire features

Art

Raised planter beds

Share your ideas
on how 103
Avenue could
come alive!

What is the Potential?

A **Shared Street** also means a **Green Street**. Green spaces create an inviting atmosphere where people can linger and enjoy the nearby amenities.

Vehicle access to parking garages, existing services and emergency vehicle access will be maintained on 103 Avenue.

Things like landscaping, lighting and art are still possibilities. How do you think we can create a warm and welcoming environment for Edmontonians, residents and those who work and travel through the area?

Next Steps

We will use the information we gather from stakeholders, pop-ups and today's drop-in session to develop the Concept Plan.

Watch for us in November, 2019, when we will return to get the public and stakeholders' perspective on a Concept Plan.

Stay in touch by going to: edmonton.ca/103Avenue or emailing: 103Avenue@edmonton.ca

December 2019 – vision and concept planning

2020 – design

2021 – tendering and construction

Thank you
