Firefighter Applicant Instruction Sheet

Type 1 Diabetes Mellitus

Any applicant with Type 1 diabetes mellitus must supply all the following medical information on the day of their pre-placement medical assessment.

Instructions for applicant:

- 1. Bring the information from the checklist to your pre-placement medical assessment.
- 2. Please **do not** include the medical information requested with your application form as it contains personal and confidential medical information.
- 3. All documentation (i.e. medical forms and required tests) must be **completed within the last 6 months** from your pre-placement medical assessment date. (For example, if the medical assessment is scheduled for January 6, 2016, all your required documents must be dated July 6, 2015 or later.)

Checklist:

Note: Please download and print the <u>Essential</u> <u>Job</u> <u>Tasks</u> and <u>Annex</u> \underline{E} and provide to the physician that will be completing this form for you.

Firefighter Applicant: Type 1 Diabetes Mellitus Medical Form (attached form). If you are on an Insulin Pump, the Insulin Pump Medical Form must be completed as well. All forms must be completed by your primary health care physician(s). The physician should have been actively involved in the management of your diabetes (e.g. family physician and/or endocrinologist). All forms must be completed within the last 6 months from the pre-placement medical assessment date.
Your log of blood glucose measurements performed at least 3-4 times daily in the last 6 months or since diagnosis if onset of diabetes occurred within the last 6 months. A downloaded log from a memory-equipped glucose meter is preferred. (Bring this information to your appointment with your physician).
Results of cardiac stress testing (to at least 12 METS) by ECG and cardiac imaging completed within the last 6 months from the pre-placement medical assessment date
Results of a dilated retinal exam, by a qualified ophthalmologist or optometrist, completed within the last 6 months from the pre-placement medical assessment date. Severity of Retinopathy should be reported using the International Clinical Diabetic Retinopathy Disease Severity Scale.

Firefighter Applicant Type 1 Diabetes Mellitus Medical Form

Any applicant with Type 1 diabetes mellitus must bring in this completed form on the day of their pre-placement medical assessment. This form must be completed **within the last 6 months** from the applicant's pre-placement medical assessment date.

This form must be completed by your primary health care physician(s) who has been actively involved in the management of your diabetes (e.g. family physician and/or endocrinologist).
