# Parks overview

## What We Heard

- + Amenities: The community feels that adding garbage receptacles, BBQ pits, seating and lighting top parks will encourage use.
- + Connectivity and accessibility: It is important to the public that pathways are enhanced and added where possible.
- + Facilities: There is interest in the neighbourhood to pursue community led park facilities (i.e., community garden, playground equipment, basketball court and horseshoe pits).
- + Maintenance: It is important to the community that parks and greenery are maintained to enhance beauty and maintain sightlines.

## Parks

- 5. Keyano Park upgrades

# Miwasin Park upgrades Chalmers Park upgrades Touchdown Park upgrades Calder Memorial Park upgrades

Replace and widen existing pathway

Existing picnic tables

Opportunity for a communty-led seniors-related recreational activity

Existing bench

Remove two existing trees and several shrubs New pedestrian-oriented lights

New pathway

Existing sidewalk

Widen existing pathway Remove existing pathway

#### What we propose

- to move around the park.
- + Upgrades to the existing diagonal pathway which connects the southeast and northwest corners of the park.

+

+ Add a new east to west pathway between 124 Street and 125 Street along the south side of the park making it easier for people who walk

+ Waste receptacles, benches, and pedestrian-oriented lighting will be installed along the pathways to enhance user comfort and safety.

Trees and shrubs will be trimmed by the City through regular maintenance to maintain visibility and promote safety.
