**LEGEND**

Pathways	
	Existing Shared-Use Pathway With Asphalt Overlay (3m Wide)
	Proposed Shared-Use Pathway Realignment Full Trail Construction (3m Wide)
	Improve off leash meeting area with information kiosk, benches, and a basic public toilet.
	Existing Secondary Pathway (granular)
	New / Upgraded Secondary Pathway (granular)
	Existing Bike Route
	Existing Roadway and Parking Areas
	New/Modified Roadway and Parking Areas
	Off leash Training Area Fencing (Chain-link)
	Proposed Off Leash Boundary (Edge of Boundary Shown as White Dashed Line)
Boundary changes increase the overall size of the off leash area to 54.1Ha (current area is 48.5Ha). The change formalizes the northern boundary between the preservation and the off leash areas

## LEGEND

### Existing Vegetation Types

- Manicured Lawn / Non-Native Grasses
- Meadow Areas
- Existing Forest (Mixed Forest Communities)
- Caragana (Mixed Forest Vegetation with High Number of Caragana)

### Vegetation / Reclamation

- Trail Reclamation and Revegetation
- Bank Revegetation for Slope Stabilization
- Selective Caragana Removal - Reclaim area with forest or meadow species as appropriate
- Major Caragana / Weed Removal - Reclaim area with forest or meadow species as appropriate
- Preservation Area / Preservation Buffer Area
- Planting for Forest Succession
- Edmonton Valley Zoo / Laurier Heights Stormwater Management Facility (Future)

### Trail Issues

- Trail Grading Issue
- Safety Issue - Barrier Required
- Erosion Issue - Existing Erosion Control Measure
- Erosion Issue - Erosion Control Measure Required
- Off-Road Vehicle Issue - Barrier / Bollards Required

Area of Caragana along Shared Use Pathway North of Rowing Tank

Trails into Preservation Area North of Buena Vista Park
