## Public Engagement Event June 27!

Join us for a drop-in engagement session on the redevelopment concept and policy direction of the Exhibition Lands Project.

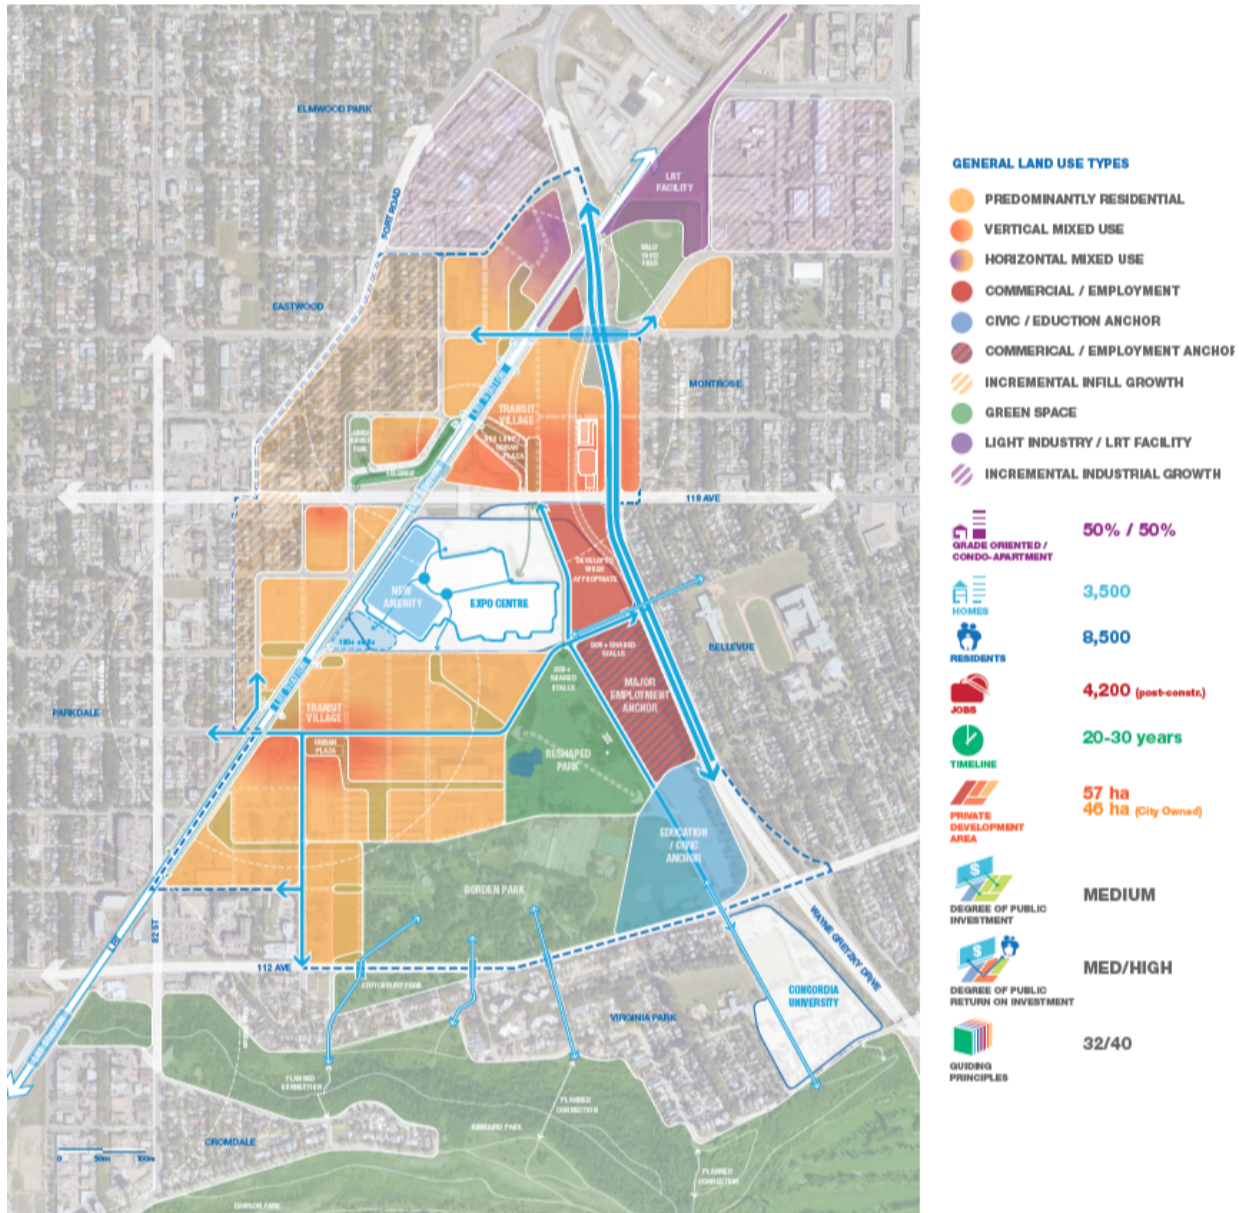

Feedback from the session will be used to refine the final concept and Planning Framework that will be submitted to City Council for approval in late 2019 through the Public Hearing process.

Date: Thursday, June 27, 2019

Time: 1 - 3 pm & 5 - 8 pm

Presentations: 1:15, 2:15, 5:15, 6:15 & 7:15 pm

Location: Bellevue Hall, 7308 - 112 Ave

The preferred concept combines what the City has heard from Edmontonians and stakeholders in a series of ongoing sessions since the summer of 2017. Economic, market, opportunities and constraints analysis, transportation and feasibility assessment have also been crucial for informing the redevelopment concept.

Edmontonians will also be able to provide their feedback on the preferred concept through an online survey. The survey will go live the week of June 24.  
**Stay tuned!**
