

# Neighbourhood Vision and Guiding Principles

Meyokumin Neighbourhood and Alley Renewal

Thank you to all who shared their input during the Creating a Project Vision Together and Exploring Opportunities stages of engagement. The Project Team used this input to **CREATE** a draft Vision and Guiding Principles for the Meyokumin Neighbourhood and Alley Renewal Vision and Guiding Principles.

A **Vision** statement describes the future residents hope to see for their community.

**Guiding Principles** help to guide the design of the neighbourhood to meet that vision.

## Meyokumin Vision

"Meyokumin – where community meets to live, work, play and grow together."

## Meyokumin Guiding Principles

We value building a thriving community where we celebrate:

**Gathering.** We gather in safe, inclusive spaces to create memories and experiences with friends, families, neighbours and those we haven't met yet

**Connections.** We are connected by wide pathways and safe roadways that link us within Meyokumin and the city beyond

**Beauty.** We enjoy nature's gifts in all four seasons: the abundance of trees, plants and greenery throughout our community that all ages and abilities can experience

**Active Living.** We enjoy walking and biking with friends and family on smooth, clean sidewalks and pathways that can be used by people of all ages and abilities as they travel to their desired destinations

**Diversity.** We are a community of all ages, abilities and generations, diverse cultures and experiences. Inclusion makes us stronger as we meet in community gathering spaces, programs and events

**Community.** We care for one another, have a strong sense of community and feel safe in our neighbourhood
