

Design Committee for Community Members

Volunteer to be part of the First Place design process in your community. The design process allows community members like you to work with the builder, Rohit Communities, to influence the look and fit of new homes in Michaels Park.

Casselman Landing, Rohit Communities

As part of the Design Committee, you will provide input on issues such as:

- + Number and orientation of homes
- + Exterior home details
- + Height of the buildings
- + Landscaping, including trees
- + Access to the site and site layout

The builder will take the input from the Design Committee into consideration while designing the site and new homes.

Design Committee meetings will begin in 2020.
