BUILDING GREAT NEIGHBOURHOODS

BUILDING LORELEI AND BEAUMARIS

Beginning in 2020, Lorelei and Beaumaris will experience Neighbourhood Renewal. A dedicated City branch, **Building Great Neighbourhoods**, will rehabilitate roads and replace street lights, sidewalks, curbs, gutters, and connect missing sidewalk links in your neighbourhood where possible. Other opportunities to improve City-owned parks and public spaces will be explored, and we will look for opportunities and funding to make desired upgrades and enhancements in coordination with the Neighbourhood Renewal program.

LORELEI and BEAUMARIS Neighbourhood Renewal PROJECT OVERVIEW

Edmonton

NOVEMBER, 2018

WORKING TOGETHER TO MAKE THE MOST OUT OF YOUR NEIGHBOURHOOD

This is your city and your neighbourhood. We want to understand how you experience your neighbourhood and ask for your input on what we might do to make it better. We will engage and work with you on the renewal of roads, sidewalks, streetlights, and park spaces, and promote other community opportunities to enhance how people live and interact in Lorelei and Beaumaris. We commit to being open and transparent about how your input is used. Let's make the most out of your neighbourhood.

GET INVOLVED - CONCEPT PHASE

Now is the time to get involved and share your voice. Work with us to **CREATE** the **Vision and Guiding Principles** for Lorelei and Beaumaris, and help shape a safe, walkable, bikeable, driveable and liveable community, for now and the future. A **Vision** is a statement of important elements and desired outcome for your neighbourhood renewal. **Guiding Principles** include values and priorities that shape how that vision is reached. Working together, we can achieve outcomes that reflect your vision and meet your expectations.

We have created a road map (right) to help you understand the steps of the renewal process and how you can participate. At each step we will tell you what the purpose is and how your input will inform the decisions being made. We commit to report back on how we used your input.
