The City of Edmonton is selling a fully serviced 0.54 acre parcel within the heart of the Blatchford Community. The current zoning for this site allows for a variety of residential uses, making it ideal for a row housing or multi-unit residential development. Nearby amenities include The Northern Alberta Institute of Technology (NAIT), Kingsway Centre, Kingsway Mall, and the NAIT/Blatchford Market LRT Station. The lot abuts Littlewood Park and a greenway (walkway). The central location of this site and proximity to public transit makes access to anywhere in the City highly convenient.

PLEASE NOTE: It appears that certain characteristics of the site may pose challenges for compliance with fire access requirements for a portion of the site. Careful site planning is required to ensure all emergency access requirements are adhered to, and it is recommended that builders provide a fire suppression plan when applying for a development permit.

BLATCHFORD DESIGN CRITERIA:

- [Green Building Codes](#): Our Green Building Standards ensure buildings within the community meet the Blatchford vision for energy conservation and sustainability by addressing building envelope design and construction, energy systems and other sustainable building features.
- [Architecture and Urban Design](#): Our Architectural and Urban Design Guidelines help guide the building design in Blatchford to ensure consistently high quality architectural design. The guidelines allow home builders the flexibility for creative design while achieving and maintaining a high level of quality and continuity throughout the community..
- [District Energy Sharing System](#): Our District Energy Sharing System Design Guide provides builders with the information needed to connect to the neighbourhood District Energy Sharing System, which uses geoexchange, solar and other sustainable energy sources to provide reliable and efficient heating, cooling and hot water to the homes and buildings in Blatchford. An opportunity exists for builders to not connect to the District Energy Sharing System, if they can prove they are a net-zero building as per defined specifications.

Preference will be given to builders with a track record of developing multifamily apartment complexes.

CONDITIONS OF SALE

1. All sales must be approved by the Blatchford Redevelopment Office, Integrated Infrastructure Services and the Manager of Real Estate, Financial and Corporate Services and/or the Executive Committee of City Council.
2. The Buyer will be required to provide an Architectural Concept Plan of the Development before entering into a Sale Agreement.
